

| Name (First Name L) | Affiliation  |
|---------------------|--|
| Antonio Novellino   | ETT  |
| V S SAMY            | NPDC, NCPOR, India   |
| Helen Peat          | British Antarctic Survey                                       |
| Stein Tronstad      | Norwegian Polar Institute                                      |
| Julie Friddell      | Arctic Basecamp - Arctic Risk Project                          |
| Graham Wilkes       | Natural Resources Canada                                       |
| Ranjan Datta        | Mount Royal University   |
| Chantelle Verhey    | WDS - International Technology Office                          |
| Klaus Paul          | Arctic Basecamp Foundation                                     |
| Erin McLean         | Arctic Data Center   |
| Adrienne Canino     | Axiom Data Science   |
| Giri Prakash        | ORNL   |
| Thomas Chen         | U.S. Technology Policy Committee                               |
| Taco De Bruin       | NIOZ Royal Netherlands Institute for Sea Research              |
| Allison Gaylord     | Nuna Technologies  |
| Pip Bricher         | Southern Ocean Observing System                                |
| Marten Tacoma       | NIOZ Royal Netherlands Institute for Sea Research              |
| Frank Nitsche       | USAP-DC, Columbia University                                   |
| Ryan Cody           | University of Texas at El Paso                                 |
| Ruth                | Duerr  |
| William Manley      | Univ. of Colorado INSTAAR                                      |
| Matt Jones          | DataONE / Arctic Data Center                                   |
| Doug Fils           | Ocean Leadership   |
| Alice Fremand       | UK Polar Data Centre - British Antarctic Survey                |
| Petra ten Hoopen    | UK Polar Data Centre, British Antarctic Survey                 |
| Sarah Manthorpe     | Polar Data Centre - British Antarctic Survey                   |
| Michael Allchin     | Actic Institute of North America / University of Calgary       |
| Anton Van de Putte  | RBINS  |
| Rachel Downey       | Australian National University                                 |
| feng xiahou         | Aerospace Information Research Institute (AIR), CAS            |
| Julia Collins       | NSIDC/CIRES/CU   |
| Mauricio Barba      | Universitty of Texas at El Paso                                |
| Adam Stone          | Geomatics and Cartographic Research Centre (GCRC), Carleton Un |
| Rob Jennings        | AAPP   |
| Allison Gaylord     | Nuna Technologies  |
| simon riopel        | NRCan  |
| Shannon Christoffer | Arctic Institute of North America                              |
| feng xiahou         | Aerospace Information Research Institute (AIR), CAS            |
